Report on

GST filing for Micro, Small, and Medium Enterprises (MSMEs) at S V Bapat & Co.

(Under IQAC)

Introduction

There are 10 students from MBA participated in a hands-on GST return filing activity organized by S V Bapat & Co. The activity aimed to bridge theoretical knowledge and practical application, providing insights into GST filing for Micro, Small, and Medium Enterprises (MSMEs).

Objectives

- 1. Provide practical experience in GST return filing.
- 2. Equip students with problem-solving skills for real-world GST challenges.
- 3. Observe and learn the GST filing process at a Chartered Accountant office.
- 4. Gain insights into professional practices and GST compliance procedures.

Execution

All Finance students were required to attend. The session began with an overview of GST filing and necessary documents. Students were divided into groups and given hypothetical case studies to analyze and prepare GST returns. Guided by Chartered Accountants from S V Bapat & Co., students explored GST laws and compliance requirements, engaging in discussions to deepen their understanding.

Key Learning Outcomes

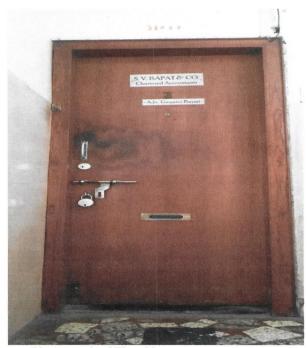

- Practical Application of GST Laws: Students gained insights into interpreting and applying GST regulations.
- 2. **Documentation Skills**: Students improved their skills in preparing GST-related documents.
- 3. **Problem-Solving Abilities**: The activity enhanced students' critical thinking and analytical skills.

Charholi IBK Lohegagn, 4. **Collaboration and Communication**: The training fostered teamwork and effective communication with professionals.

Conclusion

The activity at S V Bapat & Co. provided valuable hands-on experience in GST return filing, enhancing students' practical skills and understanding of GST concepts. This experiential learning is essential for preparing students for future professional challenges in finance and accounting.

Industrial Visit Report (Under IQAC)

Company: Technoform Industries

Date: 23.01.2023

Introduction:

On 23.01.2023, MBA students of our institute embarked on an industrial visit to Technoform Industries. The visit aimed to provide students with practical insights into the operations and management practices of a small startup company engaged in the manufacturing and dealership of packaging materials.

Company Profile:

Technoform Industries is a small startup company specializing in the manufacturing and dealership of all types of packaging materials, including stretch film, pallets, boxes, polybags, etc. Despite its small size, the company has demonstrated remarkable growth and innovation in its field.

Visit Details:

The industrial visit commenced on 23.012023 from the institute premises. Upon arrival at Technoform Industries, students were welcomed by the company representatives and given an overview of the company's operations.

During the visit, students had the opportunity to tour the company's facilities and observe firsthand its manufacturing processes, product inventory, and distribution methods. They gained insights into the challenges and opportunities faced by small startup companies in the packaging industry.

Key Learnings:

The industrial visit provided students with several key learnings, including:

15

- Insight into the manufacturing processes and product development strategies in the packaging industry.
- Exposure to entrepreneurship and small business management.
- Appreciation for the innovation and resilience demonstrated by startup companies in competitive markets.

Photographs of the Industrial Visit:

A 12 de la 1

16

Student Feedback:

" The visit to Technoform Industries was an eye-opening experience. It gave me valuable insights into the challenges and opportunities faced by small startup companies in the packaging industry."

-Sajid Hussain

"I was impressed by the innovation and determination displayed by Technoform Industries in its operations. The visit inspired me to explore entrepreneurship opportunities in the future."

-Amar Samanta

"The industrial visit provided a unique opportunity to see firsthand the workings of a startup company. It was a valuable learning experience that will stay with me throughout my career."

-Aarti Bichave

Conclusion:

The industrial visit to Technoform Industries was a valuable learning experience for MBA students. It offered practical insights into the operations and management practices of a small startup company in the packaging industry. We extend our gratitude to Technoform Industries

for hosting us and providing us with this invaluable opportunity.
Total 39 students participated in this Industrial Visit Program.

Title: Nurturing Leadership Qualities among Emerging Corporate Leaders and Entrepreneurs: Insights from a Leadership Development Workshop

Date: 30.03.2023

Venue: E Class Room

In dedication to fostering the growth of future corporate leaders and entrepreneurs, a leadership development workshop was conducted on March 30, 2023. This workshop, organized by Edu Plus under MOU, aimed to cultivate essential leadership qualities crucial for navigating the dynamic landscape of business and entrepreneurship. Through a blend of theoretical insights and hands-on activities, the workshop endeavored to empower participants with the skills necessary for driving success and innovation in their respective fields.

Objectives of the Leadership Development Workshop:

- 1. To impart participants with theoretical knowledge and practical tools for effective leadership in corporate and entrepreneurial contexts.
- To create a collaborative and engaging environment where participants can actively learn and apply leadership principles.
- 3. To inspire participants to cultivate a vision, resilience, and adaptability essential for leading in competitive markets.
- 4. To foster networking opportunities and peer learning among emerging leaders and entrepreneurs.

Execution of the Workshop:

The leadership development workshop was tailored to cater to the unique needs of emerging corporate leaders and entrepreneurs. Participants were encouraged to approach the workshop with curiosity and a readiness to challenge themselves. The workshop commenced with an introduction session aimed at establishing rapport among participants and setting the tone for collaborative learning.

Throughout the workshop, seasoned facilitators led insightful discussions and interactive activities focusing on various facets of leadership. Topics covered included strategic visioning, decision-making under uncertainty, effective communication, team building, and

fostering innovation. Participants engaged in case studies, role-playing exercises, and group discussions, allowing them to apply leadership principles in real-world scenarios.

Key Learning Outcomes:

Strategic Visioning: Participants gained insights into crafting and communicating a compelling vision for their organizations or ventures. They learned strategic planning techniques and methods for aligning organizational goals with market opportunities.

Decision-making under Uncertainty: The workshop emphasized the importance of making informed decisions in ambiguous situations. Participants explored decision-making frameworks, risk assessment strategies, and techniques for managing uncertainty in business environments.

Effective Communication: Through practical exercises, participants honed their communication skills, including public speaking, active listening, and delivering persuasive presentations. They learned to articulate their ideas with clarity and confidence, essential for influencing stakeholders and driving change.

Team Building and Collaboration: Participants learned strategies for building high-performing teams and fostering a culture of collaboration. They explored techniques for delegating tasks, resolving conflicts, and harnessing diverse perspectives to drive innovation and achieve collective goals.

Adaptability and Resilience: The workshop underscored the importance of adaptability and resilience in navigating challenges and seizing opportunities. Participants learned to embrace change, learn from failures, and cultivate a growth mindset essential for entrepreneurial success.

Conclusion:

The leadership development workshop provided emerging corporate leaders and entrepreneurs with a transformative learning experience, equipping them with the skills and mindset necessary for success in today's competitive landscape. By focusing on practical application and experiential learning, the workshop empowered participants to lead with vision, resilience, and innovation. Such initiatives are instrumental in nurturing the next generation of leaders who will drive growth, innovation, and positive change in the corporate world and entrepreneurial ecosystem.

Report on Income Tax Return Filing for

individuals.(Under IQAC)

Date: - 11.09.2018.

Introduction: -

As part of the curriculum for MBA college students, a problem-solving activity was organized to provide hands-on experience in income tax return filing. This activity aimed to bridge the gap between theoretical knowledge and practical application by immersing students in real-world scenarios. Conducted at a Chartered Accountant (CA) office, the activity offered students an opportunity to understand the complexities of tax filing and gain insights into professional practices.

Objectives of Problem-Solving Activity:-

- 1. To get the opportunity to work on income tax filing.
- 2. The aim is to equip students with practical insights and problem-solving skills essential for addressing real-world tax-related challenges.
- 3. To visit a Chartered Accountant office where students will observe and learn about the process of income tax return filing firsthand.
- 4. Visit will offer valuable insights into the professional practices and procedures involved in tax compliance.

Execution of Activity:-

It was mandatory for all Finance students to participate in this activity as part of their curriculum requirements. Attendance was being taken, and active participation is expected.

Faculties instructed students to come prepared with any relevant materials or questions they may have regarding income tax filing.

Following the introduction, students were divided into groups and assigned hypothetical case studies simulating different income scenarios. Each group was tasked with analysing the given case study, identifying relevant income sources, deductions, and exemptions, and preparing the necessary documentation for filing income tax returns.

Guided by experienced Chartered Accountants, students delved into the intricacies of tax laws, explored strategies for minimizing tax liabilities, and learned about compliance requirements. They were encouraged to ask questions, seek clarification, and engage in discussions to deepen their understanding of the subject matter.

Key Learning Outcomes:

Practical Tax Law Application: Students gained hands-on experience with tax laws, learning to interpret tax provisions, calculate taxable income, and navigate complex tax codes through real-life case studies.

Documentation Skills: Students improved their ability to prepare income statements, balance sheets, and other tax filing documents, emphasizing the importance of accurate records and compliance.

Problem-Solving: The activity enhanced critical thinking and analytical skills as students identified tax-saving opportunities, evaluated tax strategies, and made informed decisions.

Collaboration and Communication: Group work fostered teamwork and communication, allowing students to share ideas, debate strategies, and develop comprehensive tax solutions, while also improving their interaction with Chartered Accountants..

The problem-solving activity on income tax return filing at a Chartered Accountant office provided MBA college students with a valuable opportunity to apply theoretical knowledge in a real-world setting. By engaging in hands-on exercises, students gained practical skills, enhanced their problem-solving abilities, and developed a deeper understanding of taxation concepts. The activity underscored the importance of experiential learning in preparing students for professional challenges in the field of finance and accounting.
