Subject: Information regarding solar power sharing and its payment.

We are pleased to inform you that the installation of a new solar power plant at our campus. This development represents a significant step towards our commitment to sustainability and reducing our environmental impact. The solar plant is designed to provide a substantial portion of our energy needs and support our ongoing efforts to promote renewable energy across all our operations.

As part of the integration process, the energy generated by this plant will be shared with all the Trust institutions. This will not only enhance our collective sustainability initiatives but also contribute to cost savings and operational efficiency.

Your institute will be responsible for the payment of the utilized electricity to the Trust.
